

DWA_03.5 Knowledge Check_DWA3.2

1. User story(ies) in Gherkin syntax for the “+” button.

Feature: Plus Button Increment

Scenario: Increment counter tally by one

Given I have a counter tally set to 0

And I am on the counter page

When I click the plus button

Then the counter tally should increase by 1

And I should see the updated tally displayed

2. User story(ies) in Gherkin syntax for the “-” button.

Feature: Minus Button Reduction

Scenario: Reduce counter tally by one

Given I have a counter tally set to 5

And I am on the counter page

When I click the minus button

Then the counter tally should decrease by 1

And I should see the updated tally displayed
